- **Skills:** Java, C++, HTML, CSS, Javascript, Python, MARIE.js, Word, Excel, Powerpoint
 - **Tool:** IntelliJ, Eclipse, VS Code, Git, Premier Pro, DaVinci
-

PROJECTS

- **Book Catalog Management System (Java)**
 - Developed an interactive Java program to manage a large book catalog stored in CSV files, utilizing Exception Handling and File I/O for efficient data processing.
 - Designed features for data accuracy, including identifying and removing invalid entries while categorizing books across multiple genres.
 - Enhanced object-oriented programming skills by creating a practical solution for organizing and maintaining extensive textual data.
- **Cell Phone Record Management System (Java)**
 - Developed a Java-based linked list system (CellList) to efficiently manage cell phone records, implementing insertion, deletion, search, and replacement while ensuring deep copying and unique serial numbers.
 - Integrated file handling to dynamically populate the list and implemented performance tracking for search operations.
 - Strengthened object-oriented programming, exception handling, and data structure implementation through hands-on development and optimization.
- **WePet Pet Adoption Website(HTML, CSS, JavaScript)**
 - Developed a website using HTML, CSS, and JavaScript, featuring a home screen displaying pet-related news.
 - Implemented a pet searching tab, allowing users to find pets based on their preferences.
 - Designed an adoption feature, enabling users to list their pets for adoption, connecting them with potential adopters.

CERTIFICATION

- **Git Going Fast: One Hour Git Crash Course (Udemy)**
 - Understand key concepts of Git, including version control fundamentals.
 - Practice the basic Git workflow, from initialization to committing and pushing changes.
 - Set up SSH authentication and manage remote repositories on GitHub.

EDUCATION

Concordia University

Expected Graduation: August, 2025

Bachelor's in Computer Science

- Taken courses related to **Object-Oriented Programming, Data Structures and Algorithms, Web Programming, Discrete Mathematics and Computational Mathematics** that are relevant for my future career path.
- Active in University sports events such as soccer and cricket, volunteer work and club events.

WORK EXPERIENCE

New City Gas

Jan 2022 – Present

Barback and Busboy
Montreal, QC

- Utilizing 4 years of experience in sales and service for absolute customer satisfaction in intense work environment with ease while maintaining good relation with customers and co-workers.

V12 Trackside International

June- Sept, 2024

Sales Representative,
Montreal, QC
